Connecting factor

Top 3 connecting factors [e.g. problems, values, needs, interests]

What type of relationship does the target audience expect? [e..g community, co-creation, receiving help or services, self-service, entertainment]

Key Activities

Which activities do we need to offer for our unique value proposition? Which ones correspond to their needs?

Which activities do we need to sustain this model long-term? [e.g. worship services, communication, events, training]

Ressources

What resources do we need? [Financial? Volunteers? Staff? Partnerships? Equipment/Technology/Materials? Location?]

Unique Value Proposition

Single, clear, compelling message that states why you are different and worth engaging with

Unfair Advantage

Why are we the ideal group to reach this target audience? How are we different from the alternatives?

Channels

Where and how will we reach the target audience?

What relationships do we already have, what relationships do we need to establish? (target audience, city, partner organizations)

Target Audience

Who is our most important target audience? [demographics, location, time, characteristics]

Which sub-groups exist? [e.g. families contain parents, kids, youth]

What alternatives exist and are used by our target audience regarding connecting factors?

Budget

What are the costs? [e.g. rent, salaries, utilities, communication, technology, materials]

Mission Achievement

How can we measure mission achievement? Define SMART criteria: Specific, Measurable, Actionable, Realistic, Time-bound
